- Costs of cardiorespiratory disease episodes in a study of emergency department use (The), 103-6
- Cree infant care practices and Sudden Infant Death Syndrome, 133-36
- Current status of hepatitis C in Canada, S10-S15
- Dernières données médicales sur l'hépatite C, S4-S9
- Diagnostic et test du virus de l'hépatite C, S36-S42
- Do condoms in public schools affect the pregnancy rate? (Commentary), 33
- Do nutrition indicators predict death in elderly Canadians with cognitive impairment?, 220-24
- Drogues, pauvreté et VIH : données en provenance du programme d'échange de seringues Point de Repères, Québec, 176-80
- Drug resistance study of *Mycobacterium tuberculosis* in Canada, 366-70
- Drug testing in Canadian jails: To what end?, 26-28
- Effect of sociodemographics, social stressors, health status and psychosocial resources on the age-depression relationship (The), 307-12
- Efficacy of meat and iron-fortified commercial cereal to prevent iron depletion in cow milk-fed infants to 12 months of age: A randomized controlled trial, 263-67
- Evaluation of ready-to-use and multi-dose influenza vaccine formats in large clinic settings, 329-32
- Evaluation of the midwifery pilot projects in Quebec: An overview, 1-1-1-4
- Excess costs of diabetes in the Aboriginal population of Manitoba, 298-301
- Exercice de la profession de sage-femme au Québec (L') : leçons pour le reste du Canada (Editorial), 6-8
- Experiences of women with heart disease (The): What are their needs?, 98-102
- Exposure of school employees to extremely low frequency magnetic fields, 21-24
- Eye exposure to optical radiation in the glassblowing industry: An investigation in Southern Ontario, 471-74
- Factors predictive of adolescents' intentions to use birth control pills, condoms, and birth control pills in combination with condoms, 361-65
- Food habits of Canadians: Reduction in fat intake over a generation, 381-85
- Fulminant hepatitis A in patients with chronic liver disease, 168-70
- Government policies as a threat to health: Findings from two Toronto community quality of life studies, 181-85
- Grading the readability of articles (Letter to the Editor), 73
- Gullible fools or desperate pragmatists? A profile of people who use rejected alternative health care providers, 217-19
- Gun availability and the use of guns for suicide and homicide in Canada, 186-87
- Health care needs of community-dwelling older adults, 445-48
- Health diaries for monitoring events following immunization, 426-30
- Health of Cree, Inuit and southern Quebec women (The): Similarities and differences, 212-16
- Health planning context and its effect on a user's perceptions of software usefulness (The), 225-28
- Health promotion strategies: Addressing issues that affect us all (Editorial), 245-46
- Health risks and opportunities for harm reduction among injection-drug-using clients of Saskatoon's needle exchange program, 350-52
- Heart disease and stroke in Canadian women: Policy development, 58-59
- HeartSmart TM Family Fun Pack (The): An evaluation of family-based intervention for cardiovascular risk reduction in children, 256-59
- Hépatite C chez les Premières nations et les Inuits du Canada (L') : un fardeau inconnu, S17-S18
- Hépatite C et la santé mentale (L'), S45-S48
- Hépatite C et la santé publique (L'), S19-S23
- Hépatite C quand on est infirmière... (L'), S35
- Hepatitis C in Canada's First Nations and Inuit populations: An unknown burden, S16-S17
- Hepatitis C Prevention, Support and Research program (The): Health Canada initiatives on hepatitis C, S27-S29
- Hepatitis C virus diagnosis and testing, S34-S39
- Hepatitis C: Medical information update, S4-S9
- Hepatitis C: Mental health issues, S42-S44
- History of injury and industrial disease rates in British Columbia from 1950 to 1996 (The), 36-40
- HIV prevalence remains low among Calgary's needle exchange program participants, 129-32
- How baby-friendly are Manitoba Hospitals? The Provincial Infant Feeding Study, 51-57
- How should physicians and nurses deal with people who do not want immunizations?, 248-51
- Immigration, women and health in Canada (Commentary), 394-95
- In clinical trials, should we be blinded or masked? A proposal for becoming aware of the meaning behind words and concepts (Letter to editor), 158
- In response to Drug Testing in Canadian Jails (Letter to editor), 234-35
- In response to Putting the Population into Population Health (Letter to editor), 234
- In response to Realigning Health Canada: Form before function? (Letter to Editor), 273
- Incidence of cancer in Sydney and Cape Breton County, Nova Scotia 1979-1997, 285-92
- Increased neonatal readmission rate associated with decreased length of hospital stay at birth in Canada, 46-50
- Increasing childhood trauma in Canada: Findings from the National Population Health Survey, 1994/95, 197-200
- Integration of midwives into the Quebec health care system, 1-16-1-20
- Interdisciplinary collaboration and primary health care reform (Editorial), 85-86
- Job stress and burnout among Canadian managers and nurses: An empirical examination, 454-58
- Knowledge about tobacco and attitudes toward tobacco control: How different are smokers and non-smokers?, 376-80
- Knowledge and use of emergency postcoital contraception by female students at a high school in Nova Scotia, 29-32
- Land and sea connection: The east coast fishery closure, unemployment and health, 121-24
- Living with hepatitis C, S30
- Living with hepatitis C as a nurse, S33
- Measuring population health: Correlates of the Health Utilities Index among English and French Canadians, 465-70
- Measuring the impact of influenza on the hospital admission rates of the elderly in Ontario: A five-year admission rate analysis, 1988-1993, 144-47
- Meilleur système d'approvisionnement en sang pour les Canadiennes et les Canadiens (Un), S43-S44
- Mild traumatic brain injury: The silent epidemic (Editorial), 325-26
- Modern antiretroviral therapy improves life expectancy of gay and bisexual males in Vancouver's West End, 125-28
- Nature of increased hospital use in poor neighbourhoods (The): Findings from a Canadian inner city, 268-73
- Negative consequences of acculturation on health behaviour, social support and stress among south-east Asian immigrant women in Montreal: An exploratory study, 357-60
- Options de traitement pour les patients atteints d'hépatite C chronique, S24-S28
- Partnering in and for heart health promotion: Findings from a survey of community organizations, 229-33
- Patterns of health care use of injured and non-injured children, 423-25
- Perception and communication of risk (The): A guide for the local health agency, 153-56
- Pertussis in adolescents and adults (Letter to the Editor), 73
- Prevalence and correlates of influenza vaccination among a home care population (The), 441-44
- Prevalence of depression among the elderly Chinese in Canada, 64-66

- Prevalence of intrinsic host risk factors associated with progressive disease in patients with chronic hepatitis C viral infections (The), 171-75
- Profile of cardiovascular disease in Northern Ontario (A): Public health planning implications, 435-40
- Programme de recherche, de prévention et de soutien pour l'hépatite C : Initiatives de Santé Canada pour l'hépatite C, S29-S31
- Public health and hepatitis C, S18-S21
- Public health capacity and interest in using electronic communication for staff training and resource dissemination: A national survey, 274-76
- Putting the population into population health (Editorial), 9-10
- Quality of breast cancer sites on the World Wide Web, 281-84
- Quebec midwifery experiment (The): Lessons for Canada (Editorial), 5-6
- Quebec's Safe Working Conditions for a Safe Maternity Experience program: Survey of consultant physicians and human parvovirus B19 in Montreal-Centre, 260-62
- Realigning Health Canada: Form before function? (Editorial), 165-66
- Recent trends in provincial life expectancy, 118-19
- Recrutement d'un groupe de femmes montréalaises de statut socio-économique très faible dans une étude clinique randomisée (Le), 60-63
- Relationship between physical exercise and distress in a national sample of Canadians (The), 302-6
- Relationship of pubertal status to body image, social physique anxiety, preoccupation with weight and nutritional status in young females (The), 207-11
- Remaniement de Santé Canada (Le) : a-t-on sacrifié la fonction à la forme? (Editorial), 166-67
- Restructuring public health in Ontario: Implications for heart health promotion, 94-97
- Review of trichinellosis in people and wildlife in Canada (A), 293-97
- Risk behaviours and HIV infection among men having sexual relations with men: Baseline characteristics of participants in the Omega Cohort Study, Montreal, Quebec, Canada, 345-49
- Santé de la population sans oublier la population (La) (Editorial), 10-12
- Saskatchewan Health and Back Pain Survey (The): The prevalence and factors associated with depressive symptomatology in Saskatchewan adults, 459-64
- Self-reported risk factors and perceived chance of getting HIV/AIDS in the 1990s in Alberta, 340-44
- Should abortion reporting continue in Canada? (Commentary), 396-97
- Should public health workers be able to address the public's health? (Letter to the Editor), 458
- Situation actuelle de l'hépatite C au Canada, S10-S16
- Social planning in Canada for families with HIV infection, 353-56
- Stratégies de promotion de la santé : aborder les enjeux qui nous touchent tous (Editorial), 246-47, 255
- Stroke in Canada: The need for a new approach (Editorial), 405-6
- Structured opportunities for student physical activity in Ontario elementary and secondary schools, 371-75
- Systematic review of the effectiveness of environmental awareness interventions (A), 137-43
- Systematic review of the relationship between breastfeeding and early childhood caries (A), 411-17
- Telemedicine: Passing fad or lasting benefits?, 277-80
- Through the eyes of a mother, S31-S32
- Time trends and sex pattern in Hodgkin's disease incidence in Canada, 1970-1995, 188-92
- Tracking the use and impact of a community social report: Where does the information go?, 41-45
- Transforming a health care system: Managing change for community gain, 89-93
- Traumatisme cérébral bénin : une épidémie silencieuse (Editorial), 326, 332
- Treatment options in patients with chronic hepatitis C, S22-S26
- Using Healthy Life Years (HeaLYs) to assess programing needs in a public health unit, 148-52
- Using the U.S. Behavior Risk Factor Surveillance System's Health-related Quality of Life survey tool in a Canadian city, 67-72
- Vision First Check Program in British Columbia (The): A preschool vision screening program for children age two and age three, 252-55
- Vivre avec l'hépatite C, S32
- Waiting for a diagnosis after an abnormal screening mammogram, 113-17
- Young adults and HIV vaccine: Determinants of the intention of getting immunized, 432-34
